Disciplinary Literacy in Action ReLeah Cossett Lent 2018-08-16 You wouldn't tell a heart surgeon to also do pediatrics—so why would we tell content area educators they must “do” literacy? Math, history, English and science teachers are passionate about their specialties, and that’s why authors Releah Lent and Marsha Voight designed a framework that keeps teachers’ subjects at the center of daily classroom life while also helping them pool strengths with colleagues. Based on years of successful implementation, this powerful PL cycle “drops in” seamlessly to any school setting, so teachers schoolwide take on innovative practices of reading, writing, thinking, and doing within their areas of expertise.

Ironman Chris Crutcher 2009-09-22 Bo Brewster has been at war with his father for as long as he can remember. Following angry outbursts at his football coach and English teacher that have cost him his spot on the football team and moved him dangerously close to expulsion from school, he turns to the only adult he believes will listen: Larry King. In his letters to Larry, Bo describes his quest for excellence on his own terms. No more coaches for me, he tells the talk show icon, no more dads. I’m going to be a triathlete, an Ironman. Relegated to Mr. Nak’s before-school Anger Management group (which he initially believes to be populated with future serial killers and freeway snipers), Bo meets a hard-edged, down-on-their-luck pack of survivors with stainless steel shields against the world that Bo comes to see are not so different from his own. It is here he meets and falls in love with Shelly, a future American Gladiator, whose passion for physical challenge more than matches his. Ironman is a funny, sometimes heartbreaking story about growing up in the heart of struggle. It is about standing up, getting knocked down, and standing up again. It is about being heard—and learning to listen. *From Hinton to Hamlet* Sarah K. Herz 2005 Uses thematic groupings built around recent young adult literature as bridges to the classics. This second edition has been revised by more than 60% and expanded. It continues to emphasize the goal of helping teenagers become lifelong readers, as well as critical and confident readers.

Young Adult Resources Today Don Latham 2014-05-21 Young Adult Resources Today: Connecting Teens with Books, Music, Games, Movies, and More is the first comprehensive young adult library services textbook specifically written for today’s multidimensional information landscape. The authors integrate a research-focused information behavior approach with a literature-focused resources approach, and bring together in one volume key issues related to research, theory, and practice in the provision of information services to young adults. Currently, no single book addresses both YA information behaviors and information resources in any detail; instead, books tend to focus on one and give only cursory attention to the other. Key features of this revolutionary book include its success in: Integrating theory, research, and practice Integrating implications for practice throughout the book Integrating knowledge of resources with professional practice as informed by research Integrating both print and electronic formats throughout—within the resource chapters (including websites and social media) Latham and Gross accomplish all this while, paying particular attention to the socially constructed nature of young adulthood, diversity, YA development, and multiple literacies. Their coverage of information landscapes covers literature (with detailed coverage of both genres and subgenres), movies, magazines, web sites, social media, and gaming. The final chapter cover navigating information landscapes, focusing on real and virtual YA spaces, readers’ advisory, programming, and collaboration. Special attention is paid to program planning and evaluation.

Integrating Literature in the Disciplines Sharon Kane 2020-04-30 The Second Edition of this practical and comprehensive resource offers a multitude of ways to incorporate literature into teaching and learning across a range of disciplines. Future and practicing teachers, librarians, instructional coaches, and school leaders can implement the ideas within this text to improve the literacy skills and knowledge of students, while also addressing standards and curricular goals of various content areas. The new edition recognizes a paradigm shift from content areas to disciplines, reflecting the specific ways reading and writing are used in different fields of study. Updated with current research and practices, the volume recommends and evaluates books in different genres and categories, with chapters on informational books; fiction; biography and memoir; poetry; and hands-on and how-to books. For every category, Kane provides a rationale, instructional strategies, and author studies, as well as lists and descriptions of books related to curricular areas. With a wealth of activities and new BookTalks, this Second Edition is greatly revised and features expanded attention to technology, digital learning, diversity, and culture. Using this text will create opportunities for deep discussions and will stimulate students’ interest and motivation to read and learn. Integrating Literature in the Disciplines helps educators identify books that fit with any subject to enhance the creative and affective dimensions of school life; encourages interdisciplinary connections; and increases the depth and relevance of lessons. It is ideal for professional development and serves as a tool for Readers’ Advisory to match books with readers throughout the school day and beyond.

Integrating Literature in the Content Areas Sharon Kane 2017-05-26 This practical, accessible resource will help future and practicing teachers integrate literature into their middle school or high school classrooms, while also addressing content area standards and improving the literacy skills of their students. Two introductory chapters are followed by five chapters that each cover a different genre: Chapter 3, Informational Books; Chapter 4, Fiction; Chapter 5, Biography, Autobiography, and Memoir; Chapter 6, Poetry; and Chapter 7, How-to and Hands-on Books. Each genre chapter consists of four parts: Part 1: Discusses the genre and how content area teachers can use books within that genre to further content learning and enhance literacy skills. Part 2: Offers hands-on instructional strategies and activities using literature, with activities for use in a variety of disciplines. Part 3: Presents individual author studies (three or four per chapter) with bibliographies and guidelines for using the authors’ books in content area courses. Part 4: Features an annotated bibliography of specially selected children and young adult literature for that genre, organized by content area. The annotations provide information about the book, which can be used to prepare booktalks, and teaching ideas for using in a specific content area. Altogether these sections contain more than 600 annotated entries tabbed by subject area, including art, English/language arts, languages and culture, math and technology, music, PE/health, science, and social studies/history.

Create a Culture of Kindness in Middle School Naomi Drew 2017-10-02 Practical, research-based lessons for middle school educators to teach students pro-social attitudes and behaviors to prevent bullying. Create a Culture of Kindness in Middle School focuses on positive and pro-social attitudes and behaviors that build a respectful and compassionate school environment, while also addressing the tough issues of prejudice, anger, exclusion, and bullying. Through role-playing, perspective-taking, sharing, writing, discussion, and more, students develop the insights and skills they need to accept differences, resolve conflicts peacefully, stop bullying among peers, and create a community of kindness in their classrooms and school. Based on survey data gathered by the authors from more than 1,000 students, the book’s research-based lessons are easy to implement and developmentally appropriate. Digital content includes student handouts from the book.

Teaching Banned Books Pat Scales 2001-06 As a standard-bearer for intellectual freedom, the school librarian is in an ideal position to collaborate with teachers to not only protect the freedom to read but also ensure that valued books with valuable lessons are not quarantined from the readers for whom they were written.

Connecting Libraries with Classrooms: The Curricular Roles of the Media Specialist, 2nd Edition Kay Bishop 2011-03-09 This book provides an in-depth exploration of the topics that are currently relevant in K-12 curricula, including the school librarian's role in dealing with these issues, collaborating with teachers, and connecting to classrooms. • Includes a form that can be used by school librarians and teachers in collaborative projects • Provides four suggested activities for school librarians or preservice librarians in all ten chapters, totaling forty ideas • A bibliography provides recommended resources in three chapters: students with autism, highly mobile students, and LGBT students • An appendix supplies an extensive list of suggested readings and websites for each chapter **Caring Hearts and Critical Minds** Steven Wolk 2013 "Wolk demonstrates how to integrate inquiry learning, exciting and contemporary literature, and teaching for social responsibility across the curriculum. He takes teachers step-by-step through the process of designing an inquiry-based literature unit and then provides five full units used in real middle-grade classrooms. Featuring a remarkable range of recommended resources and hundreds of novels from across the literary genres, Caring Hearts & Critical Minds gives teachers a blueprint for creating dynamic units with rigorous lessons about topics kids care about—from media and the environment to personal happiness and global poverty. Wolk shows teachers how to find stimulating, real-world 'complex texts' called for in the Common Core State Standards and integrate them into literature units."-Publisher's website.

What Schools Ban and why Robert Murrack Thomas 2008 Looks at various areas of restriction in our public schools and considers the implications of those bans in the past, present, and future. **Literature for Young Adults** Joan L. Knickerbocker 2017-03-15 Young adults are actively looking for anything that connects them with the changes happening in their lives, and the books discussed throughout Literature for Young Adults have the potential to make that connection and motivate them to read. It explores a great variety of works, genres, and formats, but it places special emphasis on contemporary works whose nontraditional themes, protagonists, and literary conventions make them well suited to young adult readers. It also looks at the ways in which contemporary readers access and share the works they're reading, and it shows teachers ways to incorporate nontraditional ways of accessing and sharing books throughout their literature programs. In addition to traditional genre chapters, Literature for Young Adults includes chapters on literary nonfiction; poetry, short stories, and drama; cover art, picture books, illustrated literature, and graphic novels; and film. It recognizes that, while films can be used to complement print literature, they are also a literacy format in their own right-and one that young adults are particularly familiar and comfortable with. The book's discussion of literary language—including traditional elements as well as metafictionive terms—enables readers to share in a literary conversation with their students (and others) when communicating about books. It will help readers teach young adults the language they need to articulate their responses to the books they are reading.

Athletic Shorts Chris Crutcher 2009-09-22 These six powerful short stories chronicle bits of the lives of characters, major and minor, who have walked the rugged terrain of Chris Crutcher's earlier works. They also introduce some new and unforgettable personalities who may well be heard from again in future books. As with all Crutcher's work, these are stories about athletes, and yet they are not sport stories. They are tales of love and death, bigotry and heroism, of real people doing their best even when that best isn't very good. Crutcher's straightforward style and total honesty have earned him an admiring audience and made readers of many nonreaders.

Sports 2007 Introduction to the field of sports, its career opportunities, and suggestions for finding a job.

Athletic Shorts Chris Crutcher 1991-01-01 A collection of short stories featuring characters from earlier books by Chris Crutcher.

Wij tegen jullie Fredrik Backman 2018-10-16 In het Zweedse stadje Björnstad krijgen de bewoners in korte tijd veel te verduren. Veel spelers van het ijshockeyteam, de trots van de stad, stappen over naar het team van hun grootste concurrent, de naburige stad Hed. In Björnstad moet een vrijwel volledig nieuw team geformeerd worden. Het duurt niet lang voordat de nieuwe selectie in de startblokken staat, maar een hecht team maken van de spelers is een flinke uitdaging voor de nieuwe coach. In aanloop naar de belangrijkste wedstrijd van het seizoen groeit de rivaliteit tussen Björnstad en Hed uit tot een heftige strijd die de gemeenschap verscheurt, en worden de inwoners van beide steden gedwongen om te kiezen wat ze echt belangrijk vinden. Wij tegen jullie is het indringende vervolg op Björnstad, waarin Fredrik Backman laat zien hoe loyaliteit en vriendschap mensen door de moeilijkste tijden heen kunnen slepen. De twee delen kunnen los van elkaar worden gelezen.

Representing the Rainbow in Young Adult Literature Christine A. Jenkins 2018-03-20 Discussions of gender and sexuality have become part of mainstream conversations and are being reflected in the work of more and more writers of fiction, particularly in literature aimed at young adult audiences. But young readers, regardless of their sexual orientation, don't always know what books offer well-rounded portrayals of queer characters and situations. Fortunately, finding positive role models in fiction that features LGBTQ+ themes has become less problematic, though not without its challenges. In *Representing the Rainbow in Young Adult Literature*: LGBTQ+ Content since 1969, Christine Jenkins and Michael Cart provide an overview of the literary landscape. An expanded version of *The Heart Has Its Reasons*, this volume charts the evolution of YA literature that features characters and themes which resonate not only with LGBTQ+ readers but with their allies as well. In this resource, Jenkins and Cart identify titles that are notable either for their excellence—accurate, thoughtful, and tactful depictions—or deficiencies—books that are wrongheaded, stereotypical, or outdated. Each chapter has been significantly updated, and this edition also includes new chapters on bisexual, transgender, and intersex issues and characters, as well as chapters on comics, graphic novels, and works of nonfiction. This book also features an annotated bibliography and a number of author-title lists of books discussed in the text that will aid teachers, librarians, parents, and teen readers. Encompassing a wider array of sexual identities, *Representing the Rainbow in Young Adult Literature* is an invaluable resource for young people eager to read about books relevant to them and their lives.

Sports Facts On File, Incorporated 2010 Describes the education, training, earnings, and outlook associated with twenty careers in the field of sports, including athletes, trainers, physical therapists, broadcasters, coaches and physicians.

Challenging Stories Anne Burke 2017-07-31 How can Canadian educators begin to instill cultural sensitivity and social awareness in elementary and secondary school students? This vital text attempts to answer that question by bringing together literacy scholars and practicing teachers in a unique cross-Canadian exploration of children’s literature and social justice. Through reflection on the experience of teaching with various Canadian texts including picture books, novels, and graphic novels, the contributors behind *Challenging Stories* create a “pedagogy of discomfort” that will encourage both educators and their students to develop critical literacy skills. The compelling contributions to this collection highlight the complexities of teaching with texts that address issues of discrimination, historical marginalization, colonialism, racial and gender intolerance, sexual orientation, language, and cultural diversity. The authors offer first-hand insight into the possibilities and challenges of implementing curricular and pedagogical changes to promote equity and social justice in the classroom. Featuring the stories of participating teachers and an annotated bibliography of children’s literature, this invaluable resource will prove to be essential reading for current and future educators.
