focuses on the exam's Insider's Language. It is an  
outstanding supplement to a traditional review program.  
It helps your preparation for the exam become easier and  
more efficient. The strategies, puzzles, and questions  
give you enough exposure to the Insider Language to use  
it with confidence and make it part of your long-term  
memory. The Biology PRAXIS Exam Success Guide is an  
awesome tool to use before a course of study as it will  
help you develop a strong working Insider's Language  
before you even begin your review. Learn the Secret to  
Success on the Biology PRAXIS exam! After nearly 20 years  
of teaching Lewis Morris discovered a startling fact:  
Most students didn't struggle with the subject, they  
struggled with the language. It was never about brains  
or ability. His students simply didn't have the  
knowledge of the specific language needed to succeed.

Through experimentation and research, he discovered that for any subject there was a list of essential words, that, when mastered, unlocked a student's ability to progress in the subject. Lewis called this set of vocabulary the "Insider's Words". When he applied these "Insider's Words" the results were incredible. His students began to learn with ease. He was on his way to developing the landmark series of Books and applications to teach this "Insider's Language" to students around the world. Our books and applications are helpful to any student. They are especially helpful to struggling students, English language learners, and students beginning a course of study. The strongest students will also enjoy the puzzle and game aspect of the books. In all cases, the books provide an enjoyable break from the tedious and mundane experience of traditional test preparation. Get your copy today! N.B. When viewing our workbooks on a digital device such as a Kindle, we highly recommend the use of a PDF mark-up software such as Squid® as it will make the experience much more effective and enjoyable.

**Oorlog en Vrede** LN Tolstoj 2011-07-28 In mei 1866 schrijft Leo Tolstoj het woord einde onder een manuscript dat generaties lezers in zijn ban zal krijgen. Aanvankelijk heet het boek Eind goed, al goed, later wordt de titel veranderd in Oorlog en vrede. Het verhaal eindigt met een dubbel huwelijk, en niet met de dood van de grote held vorst Andrej Bolkonski. Delen van het manuscript worden gepubliceerd in tijdschriften en de auteur doet verscheidene pogingen het boek gedrukt te krijgen. Pas drie jaar later zal het boek verschijnen. Deze editie is de oerversie, in de prachtige Nederlandse

vertaling van Peter Zeeman en Dieuwke Papma. Deze Oorlog en vrede is ongeveer half zo lang als de gecanoniseerde versie, ontbeert de lange uitweidingen over geschiedfilosofie, bevat vele andere scènes en verwickelingen en leidt naar een geheel ander einde. Met de uitgave van deze oorspronkelijke versie zag een nieuwe, frisse Tolstoj het licht.
