**Questions in Physical Geography Given  
at Examinations Held by the Regents of  
the University of the State of New York**

Silas Conrad Kimm 2015-06-24 Excerpt

from Questions in Physical Geography

Given at Examinations Held by the Regents  
of the University of the State of New York

This little book of questions and answers  
was not designed for "cramming" but for a  
help to both teacher and pupil at the close  
of the term after the subject has been

honestly and thoroughly studied. I have  
chosen what seemed to me the most  
important and frequently recurring  
questions in the Regents examinations, and  
have arranged them by topics. The answers  
are made more valuable by references to  
the leading authors, as shown in the list on  
page 31 of the Key. The maps and pictures  
are sometimes repeated that they may  
adjoin the matter they illustrate, the one  
object being to make the book convenient  
and usable. About the Publisher Forgotten
