Por Le Soie Amisté Keith Busby 2000 The essays in this volume reflect to a large degree the scholarly interests of the honorand: Arthurian romance, the fabliaux, and Villon, just to mention the principal ones. Over the years, Norris Lacy's contribution to, and influence on, the study of Old French literature has been practically incalculable.

Person und Artefakt Linus Möllenbrink 2020-11-09 Trotz ihrer unbestrittenen Bedeutung bildeten literarische Figuren lange eine Leerstelle der mediävistischen Erzählforschung. Am Beispiel des "Tristan" Gottfrieds von Straßburg unternimmt es die vorliegende Untersuchung, Antworten auf bislang ungeklärte Fragen in diesem Bereich zu finden. Dafür werden zunächst zentrale narratologische Kategorien – die Handlungsmotivation, die Frage des Rezipientenwissens, das Verhältnis von Typik und Individualität – diskutiert, um anschließend in exemplarischen Analysen des Romans hermeneutisch fruchtbar gemacht zu werden. Die Lektüren arbeiten heraus, wie sich die vermeintliche Lebenswirklichkeit der Figuren zu ihrer artifiziellen Inszenierung verhält,

und bieten damit neben einem Beitrag zur Historischen Narratologie zugleich neue Interpretationsansätze für Gottfrieds Text.

Tristan Mark Chinca 1997-04-10 This book offers a concise introduction to Gottfried von Strassburg's *Tristan*.

The work is approached both through its context and through a close reading of key passages of the text.

The contextual reading compares Gottfried with his predecessors Beroul, Eilhart and Thomas in order to

reveal his independent response to the problems and possibilities with which he was confronted by his

material. The close textual reading builds up a distinctive interpretation of the work, in which particular

attention is paid to Gottfried's reworking of literary tradition, his use of religious analogies and his awareness

of the fictive potential of literary language. A concluding chapter examines Gottfried's medieval reception

through the work of his continuators, Ulrich von Turheim and Heinrich von Freiberg and the Herzmaere of

Konrad von Wurzburg.

The Ring of Truth Wendy Doniger 2017-04-03 Why are sex and jewelry, particularly rings, so often

connected? Why do rings continually appear in stories about marriage and adultery, love and betrayal, loss

and recovery, identity and masquerade? What is the mythology that makes finger rings symbols of true (or, as

the case may be, untrue) love? The cross-cultural distribution of the mythology of sexual rings is impressive--

from ancient India and Greece through the Arab world to Shakespeare, Marie Antoinette, Wagner, nineteenth-

century novels, Hollywood, and the De Beers advertising campaign that gave us the expression, "A Diamond

is Forever." Each chapter of *The Ring of Truth*, like a charm on a charm bracelet, considers a different

constellation of stories: stories about rings lost and found in fish; forgetful husbands and clever wives;

treacherous royal necklaces; fake jewelry and real women; modern women's revolt against the hegemony of

jewelry; and the clash between common sense and conventional narratives about rings. Herein lie signet

rings, betrothal rings, and magic rings of invisibility or memory. The stories are linked by a common set of meanings, such as love symbolized by the circular and unbroken shape of the ring: infinite, constant, eternal—a meaning that the stories often prove tragically false. While most of the rings in the stories originally belonged to men, or were given to women by men, Wendy Doniger shows that it is the women who are important in these stories, as they are the ones who put the jewelry to work in the plots.

Tristan with the 'Tristan' of Thomas Gottfried von Strassburg 2004-07-01 One of the great romances of the Middle Ages, *Tristan*, written in the early thirteenth century, is based on a medieval love story of grand passion and deceit. By slaying a dragon, the young prince Tristan wins the beautiful Isolde's hand in marriage for his uncle, King Mark. On their journey back to Mark's court, however, the pair mistakenly drink a love-potion intended for the king and his young bride, and are instantly possessed with an all-consuming love for each other - a love they are compelled to conceal by a series of subterfuges that culminates in tragedy. Von Strassburg's work is acknowledged as the greatest rendering of this legend of medieval lovers, and went on to influence generations of writers and artists and inspire Richard Wagner's *Tristan and Isolde*.

Blütezeit Mark Chinca 2012-05-21 Freunde, Schüler, Kollegen ehren mit dieser Festschrift einen Altgermanisten, der die Sprachkunst der mittelhochdeutschen Klassiker und die höfische Kultur ihrer Zeit auf einzigartige Weise mit Witz und Eleganz erschlossen hat. Die Summe seiner Arbeit hat er in der monumentalen Geschichte der »Höfischen Literatur der Blütezeit« gezogen, die für lange Zeit die maßgebliche Darstellung der Gipfelperiode der deutschen Literatur des Mittelalters sein wird. Die Beiträge der Festschrift antworten auf dieses Werk, greifen Autoren, Texte, Themen auf, mit denen es sich befaßt. Im Mittelpunkt stehen die großen Dichtungen, die durch das ganze Mittelalter und weit darüber hinaus gewirkt haben und heute zum Kanon der Weltliteratur gehören: die Lyrik Walthers von der Vogelweide, das Nibelungenlied, die Romane Wolframs von Eschenbach und Gottfrieds von Straßburg.

The Spirit of Medieval English Popular Romance Ad Putter 2014-06-06 The Middle English popular romances enjoyed a wide appeal in later medieval Britain, and even today students of medieval literature will encounter examples of the genre, such as *Sir Orfeo*, *Sir Tristrem*, and *Sir Launfal*. This collection of twelve specially commissioned essays is designed to meet the need for a stimulating guide to the genre. Each essay

introduces one popular romance, setting it in its literary and historical contexts, and develops an original interpretation that reveals the possibilities that popular romances offer for modern literary criticism. A substantial introduction by the editors discusses the production and transmission of popular romances in the Middle Ages, and considers the modern reception of popular romance and the interpretative challenges offered by new theoretical approaches. Accessible to advanced students of English, this book is also of interest to those working in the field of medieval studies, comparative literature, and popular culture.

Tristan and Isolde Joan Grimbert Tasker 2013-08-21 First Published in 2002. Routledge is an imprint of Taylor & Francis, an informa company.

Tristan and Isolde Gottfried von Strassburg 2020-09-16 "I believe this fluent, accurate, readable translation of *Tristan and Isolde* will become the standard English edition of Gottfried's literary masterpiece. Wisely choosing not to recreate the end rhyme of the original, Whobrey has created a text that stays true to the original Middle High German while rendering it into modern English prose. The inclusion of Ulrich von Tūrheim's Continuation is a great strength of this book. For the first time, English speakers will be able to read Gottfried's work in tandem with Ulrich's and explore—via Whobrey's discussion of Ulrich's sources—the rich *Tristan* literary tradition in the Middle Ages and the ways in which Gottfried's achievement resonated well after his death. The footnotes provide helpful cultural, historical, and interpretive information, and Whobrey's Introduction offers a nice overview of Gottfried's biography, a discussion of Gottfried's important literary excursus, his place within the literature and genres of his time, and the source material for his *Tristan*. Particularly useful is Whobrey's discussion of the intricate and masterful structure of Gottfried's text." —Scott Pincikowski, Hood College

Tristan Gottfried (von Strassburg) 1984

History, Fiction, Verisimilitude Mark Chinca 1993 This study of Gottfried von Strassburg discusses the narrative technique of his romance *Tristan* (c. 1210) against the double background of Latin rhetoric and poetics on the one hand, and the developing written vernacular tradition on the other. It argues that Gottfried's poetics represents the attempt to mediate between opposing tendencies in vernacular narrative, the one historiographic and archival, the other fictional and experimental. Verisimilitude, the *res ficta quae tamen fieri potest*, occupies an intermediate position between the *res factae* of history and the *res fictae* of poetry; it is on this middle ground that Gottfried situates his narrative.

The Romance of Tristan and Iseut Joseph Bedier 2013-03-15 The first English language translation of Bedier's

classic work in nearly seventy years, this volume is the only edition that provides ancillary materials to help the reader understand the history of the legend and Bedier's method in creating his classic retelling.

Magic and Magicians in the Middle Ages and the Early Modern Time Albrecht Classen 2017-10-23 There are no clear demarcation lines between magic, astrology, necromancy, medicine, and even sciences in the pre-modern world. Under the umbrella term 'magic,' the contributors to this volume examine a wide range of texts, both literary and religious, both medical and philosophical, in which the topic is discussed from many different perspectives. The fundamental concerns address issue such as how people perceived magic, whether they accepted it and utilized it for their own purposes, and what impact magic might have had on the mental structures of that time. While some papers examine the specific appearance of magicians in literary texts, others analyze the practical application of magic in medical contexts. In addition, this volume includes studies that deal with the rise of the witch craze in the late fifteenth century and then also investigate whether the Weberian notion of disenchantment pertaining to the modern world can be maintained. Magic is, oddly but significantly, still around us and exerts its influence. Focusing on magic in the medieval world thus helps us to shed light on human culture at large.

Thomas Hardy and the Tristan Legend Susan L. Clark 1983

Tristan Gottfried (von Strassburg) 1960

Tristan. Translated Entire for the First Time. With the Surviving Fragments of the Tristran of Thomas, Newly Translated. With an Introd. by A.T. Hatto Gottfried (von Strassburg) 1960

Chrétien de Troyes Karl D. Uitti 1995 Born out of exhaustive research and study, this volume covers the five major romances in octosyllabic rhyming couplets that may with certainty be ascribed to the 12th-century French writer Chretien de Troyes, and touches on a few minor works that have been attributed to him. Karl Uitti locates Chretien within the theological and philosophical setting of his time; views him as a worker-craftsman who produced stories on demand for his patron; and argues persuasively that he advanced the French language to new heights in his work.

Tristan & Isolt from Bayreuth to Monsegur Claude d'Esplas 2000-01-01

Tristan Gottfried von Strassburg 1960-07-30 This tale of the hero Tristan and the beautiful Queen Isolde, united by a magic potion in a passion that defies all legal and moral sanctions, has stood the test of time as one of the greatest love stories ever written.

A Companion to Gottfried Von Strassburg's "Tristan" Will Hasty 2003 The legend of Tristan and Isolde -- the archetypal narrative about the turbulent effects of all-consuming, passionate love -- achieved its most complete and profound rendering in the German poet Gottfried von Strassburg's verse romance Tristan (ca. 1200-1210). Along with his great literary rival Wolfram von Eschenbach and his versatile predecessor Hartmann von Aue, Gottfried is considered one of three greatest poets produced by medieval Germany, and over the centuries his Tristan has lost none of its ability to attract with the beauty of its poetry and to challenge -- if not provoke -- with its sympathetic depiction of adulterous love. The essays, written by a dozen leading Gottfried specialists in Europe and North America, provide definitive treatments of significant aspects of this most important and challenging high medieval version of the Tristan legend. They examine aspects of Gottfried's unparalleled narrative artistry; the important connections between Gottfried's Tristan and the socio-cultural situation in which it was composed; and the reception of Gottfried's challenging romance both by later poets in the Middle Ages and by nineteenth- and twentieth-century authors, composers, and artists -- particularly Richard Wagner. The volume also contains new interpretations of significant figures, episodes, and elements (Riwalin and Blanscheflur, Isolde of the White Hands, the Love Potion, the performance of love, the female figures) in Gottfried's revolutionary romance, which provocatively elevates a sexual, human love to a summum bonum. Will Hasty is Professor of German at the University of Florida. He is the editor of Companion to Wolfram's "Parzival," (Camden House, 1999).
